

CONNECT MAGENTO WITH ACUMATICA ERP

Kensium Solutions offers a connector that links your Magento eCommerce platform with Acumatica Cloud ERP. Aligning Magento and Acumatica allows your eCommerce website to leverage existing customers, products, inventories, sales, and shipping data stored within Acumatica.

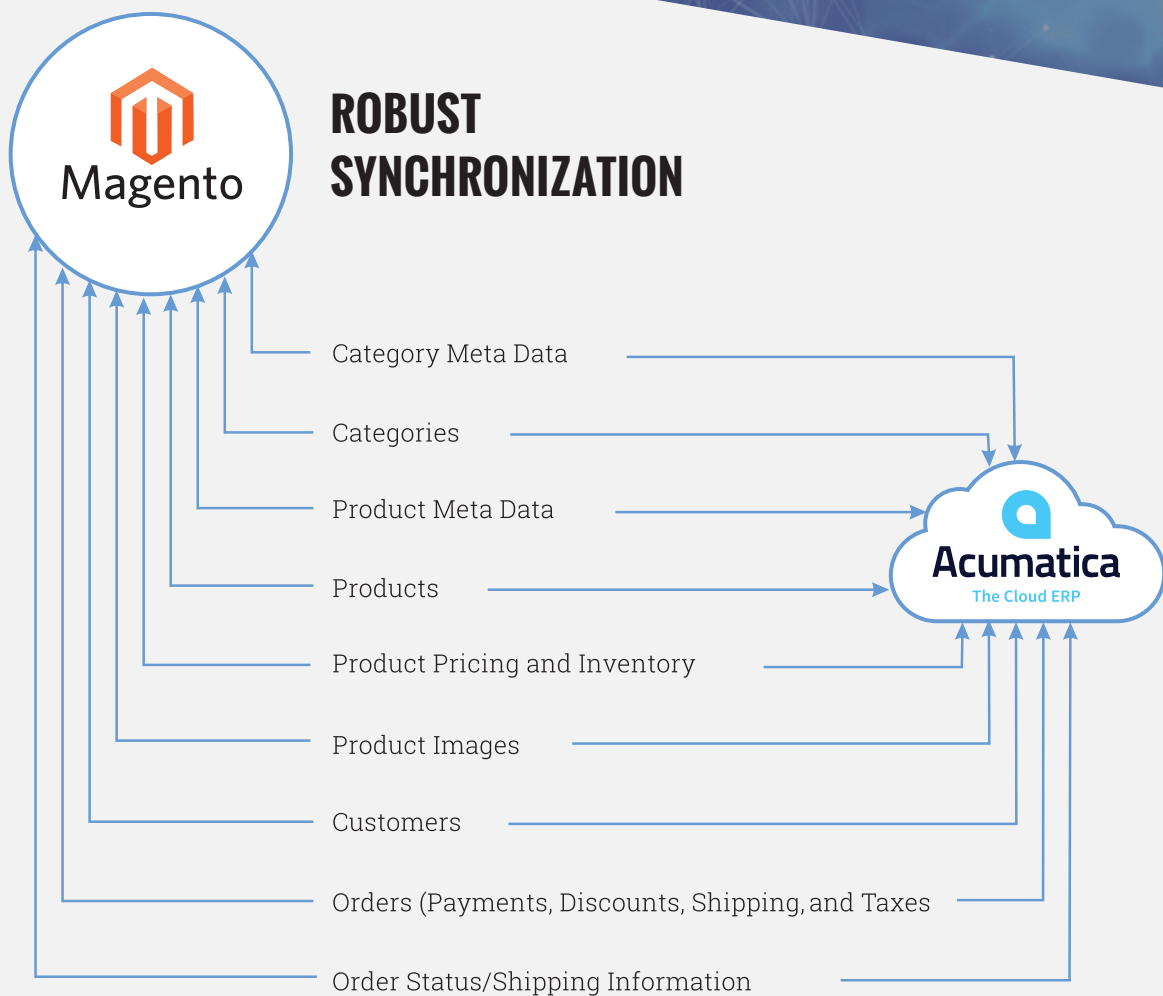

WHY INTEGRATE ECOMMERCE AND ERP?

- Leverage existing customer, inventory, sales, and shipping data
- Reduce redundant manual entry
- Increase throughput while reducing errors
- Streamline inventory synchronization
- Provide an accurate picture of inventory across channels
- Automatically notify customers when orders ship
- Allow customers to track their product delivery from a single portal
- Simplify the application of discounts across your product mix
- Reduce exposure to risk by automating tax compliance
- Reduce the need to hire more staff
- Create the operational stability needed to grow

MATCH YOUR ECOMMERCE BUSINESS PROCESSES WITH ACUMATICA

- Significantly reduce order processing costs and boost your bottom line
- Scale your business to the next level
- Improve customer experience
