

A Magento Enterprise Partner For A Variety of Budgets

Kensium has extensive experience designing, developing, integrating, and supporting Magento 2 websites for:

- Small merchants (\$50-75k budget)
- Mid-range merchants (\$75-150k budget)
- Enterprise merchants (\$150k+ budget)

Our unique delivery model lets us meet a wide variety of budgets without compromising quality of service.

Kensium's Clients Grow At A Rate of 3X The Industry Average

Industries & Verticals

Think of Kensium When A Customer

- Wants a world-class development partner without paying high premiums
- Has an aggressive timeline
- Has back-office/ERP requirements
- Is unsatisfied with their current Magento SI
- Has international requirements
- Has B2B requirements or atypical product sets

Whatever it is, chances are we can handle it.
