

INTEGRATE CHANNELADVISOR AND ACUMATICA ERP

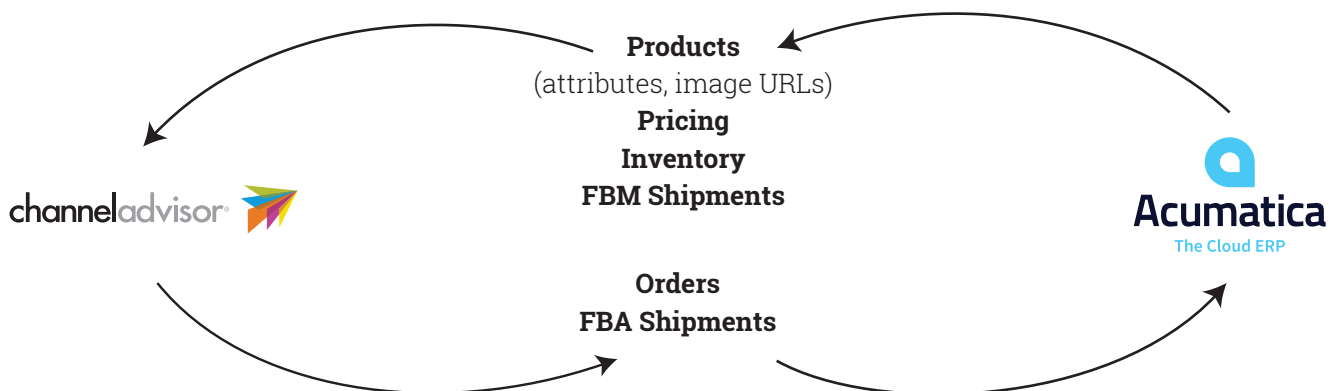

Kensium's ChannelAdvisor Connector for Acumatica provides an opportunity for merchants to maximize marketplace visibility by exchanging information between Acumatica ERP and ChannelAdvisor.

**CONNECT ACUMATICA TO
OVER 100 MARKETPLACES**

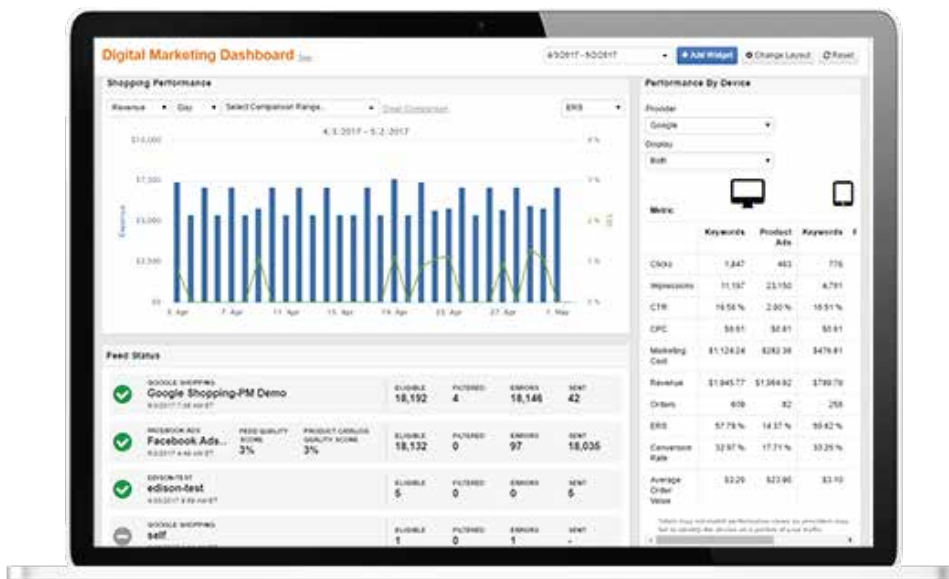

CENTRALIZE REPORTING, INVENTORY, ORDER MANAGEMENT, AND FULFILLMENT

Merchant must have an active ChannelAdvisor license

ChannelAdvisor is a SaaS platform for 3P and 1P retailers and branded manufacturers to manage product inventory, expand products into multiple marketplaces, and optimize product content globally. It provides data automation, repricing, channel-specific templates, and AMS integration services to help win the buy box and grow GMV.

EXPAND AND MANAGE YOUR SALES CHANNELS

- Manage and automate marketing programs from one platform
- Power multiple marketplaces like Amazon, eBay, Jet, Walmart, and more via a single platform.
- Manage and update your product catalog from one place.
- Grow your audience and your sales with expansion into international marketplaces.
- Analyze your performance at a general level and at a product level.
- Eliminate worry with ChannelAdvisor's secure and scalable system.
- Sync your marketplaces presence with your other online channels, such as comparison shopping engines, pay-per-click advertising, and your webstore.
